[Microsoft Trust Center](#)

Microsoft Excel Trust Center

The Trust Center contains security and privacy settings. These settings help keep your computer secure. We recommend that you do not change these settings.

Trust Center Settings...

OK

Cancel

Confirm settings under Macro settings:

Confirm settings under ActiveX Settings:

**ActiveX Settings for all Office Applications**

- ☐ Disable all controls without notification
- ☐ Prompt me before enabling Unsafe for Initialization (UFI) controls with additional restrictions and Safe for Initialization (SFI) controls with minimal restrictions
- ☒ Prompt me before enabling all controls with minimal restrictions
- ☐ Enable all controls without restrictions and without prompting (not recommended; potentially dangerous controls can run)

☒ Safe mode (helps limit the control's access to your computer)

OK Cancel

Click OK through each open form and continue with journal processing.
