You can choose to enroll in your Dartmouth College 401(a) and SRA Plans using one of two enrollment processes.

Easy Enroll (quick and easy)

You can quickly enroll in either a single plan or both the 401(a) and SRA Plans at the same time. With Easy Enroll, you select a pretax contribution rate of 6%, 8%, or 10% for your SRA Plan. If you'd like to select a Roth after-tax percentage or dollar amount for your SRA Plan you must use the Standard Enrollment process noted below. You then select your retirement provider (Fidelity or TIAA) for your both your 401(a) and SRA Plans. Whether you choose Fidelity or TIAA, your contributions will be invested in a Vanguard Institutional Target Retirement Fund, with a target retirement date closest to the year in which you will reach age 65. Target Date Funds are an asset mix of stocks, bonds, and other investments that automatically becomes more conservative as the fund approaches its target retirement date and beyond. Principal invested is not guaranteed.

If you'd like to choose Easy Enroll, skip to page 7 to get started.

The screenshot shows the 'Easy Enroll' interface. At the top, it says 'Easy Enroll' and 'In a few quick steps, enroll in eligible savings plan(s). Choose from your employer's selected options to get started quickly.' Below this, it lists 'DARTMOUTH SRA (89962)' with a link to 'Learn more about this plan'. The form is divided into two main sections: 'Set your contribution rate' and 'Choose a retirement provider'. Under 'Set your contribution rate', there are three radio button options: '6% per paycheck, pre-tax', '8% per paycheck, pre-tax', and '10% per paycheck, pre-tax'. Under 'Choose a retirement provider', there are two radio button options: 'Fidelity Investments' (which is selected) and 'TIAA'. There is also a link to 'Show dollar amounts'.

Standard Enrollment (customized choices)

The Standard Enrollment process allows you to enroll in the 401(a) and SRA Plans individually. You can customize your choices, including how much to contribute and whether you would like to select a pretax and/or Roth after-tax percentage or dollar amount for your SRA Plan. You can then select your retirement provider(s) (Fidelity and/or TIAA) and select your investment option(s) through your retirement provider(s). Fidelity and TIAA have a list of available options for your 401(a) and SRA Plans.

If you'd like to choose the Standard Enrollment, skip to page 12 to get started.

The flowchart outlines the four steps of the enrollment process:

- STEP 1: Set Contributions**

- STEP 2: Select Retirement Providers**

- STEP 3: Choose Investments**

Please note: If you chose to direct any of your deferrals to TIAA, click on TIAA in the blue box and you will be directed to the TIAA website. If this step is skipped, your deferral will still be directed to TIAA; however, it will be invested in a Vanguard Institutional Target Retirement Fund with a target date closest to the year in which you will reach age 65. Once you have made your elections, be sure to designate your beneficiary directly with TIAA. You can click *Edit* to modify selections for the plan.
